

# RINO KITIMBO

## PROFESSIONAL SUMMARY

Adaptable and resourceful individual committed to overseeing and supporting software solutions. Experienced in coordinating existing software system feature updates to improve performance and add functionality. Offers proactive and critical thinking approach to issue resolution.

## WORK HISTORY

### Frontend Engineer, 12/2021 to Current

#### World Merit - Santa Barbara, Carlifonia, USA

- As a vital member of the World Merit team, I proudly serve as a Frontend Engineer, actively contributing to the advancement of community initiatives through the adept utilization of cutting-edge technologies
- In this pivotal position, my focus centres on crafting intuitive and impactful user experiences, drawing upon a skill set that spans User-Centric Design, Responsive Web Development, Design Integration, Prototyping, and Usability Testing.

### Software engineer, 07/2023 to Current

#### Sentinel Digital Technologies (SDT) - Kampala, Uganda

- As part of the team, I am responsible for leveraging cutting-edge technologies to enhance community health initiatives. My role is pivotal and encompasses a wide range of tasks, all aimed at delivering intuitive and impactful user experiences. These tasks include User-Centric Design, Responsive Web Development, Design Integration, Prototyping, and Usability Testing.

### Peer Mentor, 01/2024 to Current

#### Refactory Academy - Kampala, Uganda

- Supported students to identify problems impeding their training.
- Used established standards and teaching expertise to plan learning programmes.

### Software Developer, 09/2020 to 02/2021

#### Refactory Academy - Kampala, Uganda

- Wrote clean, clear and well-tested code for various projects.
- Adopted various programming languages to best meet project demands.
- Identified technical issues according to design requirements and tested solutions.

### Software Engineer, 03/2022 to 06/2023

#### Guild Digital Solutions - Kampala, Uganda
